

## Key players

## Approval

## Previous projects

Who are the key players in the customer organization?

Who approves the final products?

What other projects have we done for the customer and what were the biggest problems?

crd-131

crd-132

crd-133

## Assets

## PO time

## Dependencies

How do we get customer assets?

How much time does the PO have available for the project?

Can we easily communicate with technical people or services we depend on?

*Think about texts, logo's brand material etc.*

crd-134

crd-135

crd-136

## SW buyer

## Product Owner

## Release frequency

Has the customer a long track record of buying software?

How long has the PO been working for the customer organization?

How frequent are production releases?
